Part 5: Business Insights

- ✚ **Insight 1:** Frozen Chicken Box Dominates Revenue
Frozen Chicken Box generates the largest revenues despite not always having the highest unit sales. Its high selling price drives profitability.
- ✚ **Insight 2:** Rice Bag 50kg Is the Strongest Food Product
Among Food products, Rice Bag 50kg consistently generates high revenue and strong sales volume.
- ✚ **Insight 3:** Tamale Is the Highest Revenue Region
Tamale benefits from strong Frozen Chicken Box sales, making it the most profitable region.
- ✚ **Insight 4:** Linda Arthur Oversees the Most Profitable Product
The sales manager responsible for Frozen Chicken Box records the highest revenue contributions.
- ✚ **Insight 5:** Bottled Water Pack Has High Volume but Low Revenue
Although units sold are often high, the low unit price limits revenue generation.
- ✚ **Insight 6:** Revenue Is Influenced More by Price Than Volume
Products such as Frozen Chicken Box generate significantly more revenue than products selling greater quantities because of their higher selling price.

Part 6: Recommendations

- ✚ Increase inventory and marketing support for Frozen Chicken Box because it is the highest revenue-generating product.
- ✚ Replicate Tamale's sales strategy in other regions to improve overall company revenue.
- ✚ Provide incentives and performance-sharing sessions led by Linda Arthur to help other sales managers adopt successful selling techniques.
- ✚ Review pricing and promotional strategies for low-revenue products such as Bottled Water Pack and Bread Premium to improve profitability.
- ✚ Bundle low-performing products with high-performing products to increase sales volume and customer value.
